We are committed to creating an accessible and inclusive environment for all patients, regardless of race, ethnicity, gender identity, sexual orientation, age, ability, religion, socio-economic background, or any other characteristic.

Our service is provided by both male and female clinicians.

While our clinicians are committed to your comfort and respect, to ensure an accurate diagnosis they may ask you to:

- Remove make-up
- Remove headwear

If have any specific requirements, please let the clinic know prior to your appointment by contacting them on the details provided below.

While we will make every effort to accommodate your requests, please be aware that it may not always be possible.
